

Welcome to you Website.

Congratulations. The installation of you [Papoo](#) edition is successfully completed. You can use the accessible CMS [Papoo](#) now.

This content here you can edit in the administration under the menu items content/startpage-content. There can you also edit the standard metadata and the sitetitle of you page.

Support

If you have questions about your brandnew [Papoo](#) System you are welcome in our [community Board](#). We have a special English Board for English speaking people.

Additionally we have for our [Papoo](#) Plus, Pro and Business customers the possibility to ask us via E-Mail and Phone with our Hotline.

If you have more questions like about an individual Design or special programming requests, please let us know. Call us +49 2204 308 88 265 in Germany.

Design

The Base of our CSS Designs ist the CSS Framework YAML, please consider the [Licence](#) and [further informations](#).

If you want an individual Design oder an Overview about the existing [Papoo](#) Designs or an Overview what we have done so far for our customers please visit our [Designpage](#).

Good success with your [Papoo](#) CMS System!
